iPad 1:1 Program

Dear Parents

Next year your child/ren will be entering into Year Four. As a result they will be entering into the first year of the iPad 1:1 program.

There is a comprehensive document on our school website that details and answers most common questions parents may have and I encourage you to read it.

Your child will require a full size iPad (minis are not permitted devices) that is able to be updated with the latest IOS software. It is strongly encouraged that you also purchase a strong protective case and insurance for both accidental damage and loss. The recommended model is the new iPad.

Early next year your child will bring home use contracts for signing prior to commencing use of their iPad.

Feel free to contact me for more information if required and if you require assistance in setting up your iPad please contact the school early next year.

Kind regards

Steve Gibbs

Principal
